CERTIFICATE OF COMPLIANCE

I hereby certify that the EXPEDITER labels I produced for this order:

- A. **Conform to all format requirements of MIL-STD-129.**
- B. Use data provided by the customer for all human readable and bar code information.
If RFID is embedded in the labels, I further certify that the labels of this order:
- C. Conform to all format requirements of DFARS 252.211-7006 using data provided by the customer.
- D. Contain RFID which have successfully passed 2 tests for proper functioning as tested by:
(1) Our label converter, and (2) Our RFID printer/encoder.

NOTE: Compliance Label Service is not liable for any damage to EXPEDITER labels sustained after they leave our premises, whether during shipping, handling or application. The customer is responsible for applying EXPEDITER labels in accordance with MIL-STD-129, in appropriate locations where they can be read by DoD's readers and, if applicable, where RFID performance is not impeded by contents, packaging or configuration of the customer's cases or pallets.
